25X1

25X1 A. Arrangements have been made with []
[] C/IS, to backtrack on Training Reports for the two
Effective Briefing courses given in January and in March for
the senior members of the Agency. AIB has enough informa-
tion for its records so that credit for the completion of the
course will appear in the Agency Training Record, but there is
no piece of paper (by earlier determination of C/IS) in the offi-
cial file of each man which will attest to his having completed
25X1 the training. [] agrees that the omission of such a piece
of paper could create some personal concern on the part of the
senior member, so he will submit reports in the form of a certi-
fication of attendance.

25X1 B. [], DDP/TRO, recommended 25X1
by telephone that the Registrar's office look into the matter of
including in the OTR Bulletin a regular schedule of the courses
conducted by other Components of the Agency. The idea has
merit: AIB presently includes OTR's courses and a considerable
number of external training programs, and to have a component
schedule, it seems, will round out the picture of Agency training.
25X1 [] recommendation has been discussed with DR/TR
and C/PPS, who also look favorably on the suggestion and who
have given approval to C/AIB to pursue it with the components
concerned.
